CAREER CAMP

sessions

for students completing 5th-7th grade
in the 2021-2022 school year

Exciting things happen at **Career Camp** like cooking in a professional kitchen, adventures in nature and designing a rocket to launch. This is your chance to try something new!

3, 2, 1....LIFT-OFF!

Thinking about a career in engineering? Design and launch a rocket that flies higher and further than your classmates.

ANIMAL PLANET

Love animals? Learn about animal behavior and how to keep them healthy by working with dogs, pigs, sheep, goats, calves, rabbits and even bees and beehives. *(Students will be provided with bee protective gear. Those with bee allergies will be offered options during bee rotation.)*

AUTO MECH TECH

Pop open the hood of your family's car and what do you see? Discover what's going on in there by doing an oil change, tire checks and other maintenance of a car. **(WEEK 2 ONLY)**

COMPUTER TECH

How do computers work? Figure it out by taking our computers apart. Check out various portable tablets and experiment with operating systems.

CONSTRUCTION JUNCTION

Want to build something? Come discover the basics of building! Swing a hammer, use power tools and work on different projects around the lab.

CSI TECH

Do you have what it takes to solve a crime? Learn how to collect and preserve evidence from a crime scene. Find out about careers in criminal justice.

DESTINATION ROBOTICS

Are you interested in robots and drones? We have them! Draw part of a robot in 3D on a computer. Then print it out, put it together and test it in competition against your classmates' robots.

DIESEL ENGINES 101

What does a semi-truck look like from the inside? Find out in this class where you'll learn about the parts of a diesel engine and how they work together. **(WEEK 1 ONLY)**

ED CAMP

Want to be a teacher or work with kids? Join us for an ED-venture! ED Camp will be a time of fun, exploration, creativity, learning and adventure. We'll do crafts, sing camp songs, do science experiments, make food and more.

EMERGENCY 9-1-1

Could you save a life? Learn basic first aid skills, CPR and rescue techniques that are used by emergency medical technicians every day. You can even earn a CPR card from the American Heart Association.

GET ENERGIZED!

Ever wonder how things work? It's all about energy! Learn how to capture the wind needed to generate electricity. Discover how magnets are used in generators to convert mechanical energy to electrical energy and electrical energy to mechanical energy.

GOOD EATS

Do you watch cooking shows? Like to spend time in the kitchen? Check out our kitchen and learn how to prepare a dinner that you can make at home.

HOT METAL

How do you make metal melt? Learn to weld metal using an oxy-acetylene torch. Plasma cut your favorite design in metal and try MIG welding on various weld joints. **(WEEK 1 ONLY)**

LIGHTS, CAMERA, ACTION!

Want to be a content creator? Produce and star in your own commercial! You will record footage, download it and edit it on a computer. At the end of the day, you will be able to access the commercial you made online.

OUTDOOR EXPLORER

Love being outside? Discover nature by hiking through the woods, tracking animals, birdwatching and dipping for macroinvertebrates in a pond. Finish up by making fire with flint and steel then roasting marshmallows. *(Students should prepare for a 1/2 mile walk and should wear hiking boots or tennis shoes. No sandals.)*

PASTRY ARTS

Have a sweet tooth? Take this class and learn how to mix and bake dough, use the ovens and work with pastry bags to create a mouthwatering masterpiece you can take home to share.

PIZZA PLUS

Like pizza? Using a real wood-fired oven, create and cook your own unique pizza. Explore other foods that can be made in a wood-fired oven like pasta, breads and desserts.

SHARK TANK

Think your ideas would sell? Learn the ins and outs of product promotion, marketing, merchandising and testing. Find out if your product has what it takes to be the next "must have"!

SMILE AND OPEN WIDE

Ever wonder what your dentist and hygienist see? Experience what it is like from the other side! Take dental impressions, learn about teeth, sealants and how detectives can identify victims at crime scenes through dental records.

THINK INK

Have you ever wanted to bring your art to life? Printed products are everywhere you look! Dive into this creative world from concept to finished product. Potential projects include: t-shirts, package design, student created posters and more.

WATERWORKS

You've heard of energy, but do you know about fluid power? Learn about underground sprinkling systems used in landscaping and golf courses, then go outside to hook up your own system. You'll also learn how to solder copper piping to make a project you can take home.

WHAT'S UP DOC?

Do you want to be a doctor? Put on your lab coat & throw a stethoscope around your neck. We'll diagnose "patients" with various ailments and injuries, take vital signs, write prescriptions, bandage wounds and perform lab tests!

WHAT'S YOUR STYLE?

Interested in hair, make-up and manicures? Learn basic hairstyles, braiding techniques, skin care, make-up applications and nail care. **(WEEK 1 ONLY)**

CLASSES FILL QUICKLY!
Students may only register for one week.

Online Registration Opens April 18, 7:00am careerlinetech.org/SummerPrograms

WEEK ONE

June 13–16 from 9:00am–12:00pm

WEEK TWO

June 20–23 from 9:00am–12:00pm

GENERAL INFORMATION

Career Camp is for students completing 5th-7th grade in the 2021-2022 school year. All classes offer hands-on fun!

BEHAVIOR

Career Camp is a school activity even though it takes place during the summer. Standard school rules and expectations apply.

DRESS REQUIREMENTS

For safety reasons, students must wear closed-toe shoes (no sandals). Comfortable shorts and T-shirts are recommended. Careerline Tech Center follows all COVID-19 CDC guidelines for the health and safety of our students and staff.

ENROLLMENT INFORMATION

Programs fill on a first come, first served basis. **Students may only register for one week of Career Camp.**

Class sizes are limited and unfortunately, we cannot offer a waitlist. Each class runs for one day so students must choose four classes. **Classes fill quickly.** A weekly session costs \$50, which is **non-refundable and due upon registration.**

TRANSPORTATION

Career Camp offers bus transportation between local middle schools and Careerline Tech Center for an additional \$30. Students using bus transportation will receive a bus schedule with their Career Camp confirmation.

CAREER CAMP OPTIONS

1. One week (no bus) \$50
2. One week & bus \$80

Cost for Career Camp is \$50 regardless of total number of classes selected.

STARTING APRIL 18**

CAREER CAMP

extended sessions

June 20-24

Mon-Thu 9:00am–3:00pm
Fri 9:00am–12:00pm

In this female-led class, you'll kayak, hike, bike and climb with industry mentors. Explore careers in parks and recreation, the bike industry, manufacturing and more while you learn how to make a career out of your passion.

\$149

Open to girls completing 7th-9th grade

PATHFINDERS

\$149

OPEN TO BOYS COMPLETING 7TH-9TH GRADE

Hey guys, this class is for you! Discover careers in the outdoor and active industries while you kayak, hike, bike and climb with outdoor industry mentors. You'll leave class with new skills and an action plan for pursuing your career.

June 20-24

Mon-Thu 9:00am–3:00pm
Fri 9:00am–12:00pm

GONE BOARDING

June 20-24

Mon-Thu 9:00am–3:00pm
Fri 9:00am–12:00pm

Design and build your own longboard!

Work with professionals in engineering, graphic design, printing, marketing and entrepreneurship. Visit a skate shop to learn the ins and outs of a board business. Build your board and create your own art to complete the process. This class ends with a field trip on Friday to try out your new longboard.

Open to students
completing
7th-9th grade

\$149

futurePREP'd programs are a fun way for Ottawa Area ISD students to gain lifelong problem solving, collaboration and presentation skills while working with their peers. For over 10 years, **futurePREP'd** has given students real-world work experience with local companies and helped students invest in their education, spark a desire to continue training and better prepare themselves for their future.

IChallengeU

July 11–22, 8:30am–3:00pm

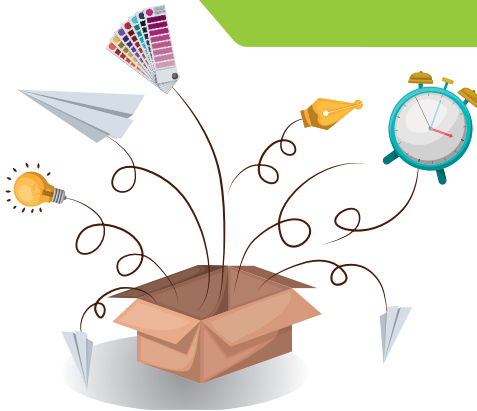

Open to students completing 9th–12th grade

Cost: \$50, includes lunch and snacks both weeks

Experience the business world and help solve a problem that has been stumping local company partners in this two-week program. You'll collaborate with other students from across our area to find a solution to a real-world business problem using our Design Thinking Process. You can explore different careers, develop 21st Century Skills and compete to win scholarship money! **Transportation only provided from Careerline Tech Center to your business location on Day One.** Students are then responsible for their transportation to their business location each day.

IChallengeUth

July 25–28, 9:00am–2:30pm | July 29, 9:00am–12:00pm

Open to students completing 6th–8th grade

Cost: \$50, includes lunch M-Th, snacks and transportation from Careerline Tech Center to your business location

During this exciting week, you will work with a team to solve a real-world challenge the company is facing. You will collaborate with others and use our Design Thinking Process to guide you and help build solutions to the challenge. Along the way, you can boost your communication, collaboration, and critical thinking skills and explore career interests. At the end of the week, your team will pitch your solutions back to the company.

IChallengeU Jr.

June 27–30, 9:00am–12:00pm

Open to students completing K–5th grade

Cost: \$50

IChallengeU Jr. is a four-day program that gives you the opportunity to work with local community partners to create a solution to a design challenge. At the end of the program, you will present your solution to a panel for feedback. As a part of this program, you will work as a team to investigate, brainstorm and create a solution to a challenge; work with local businesses and business experts; and present to a panel for feedback on your idea. **Students will be outside and should wear comfortable shoes for walking and clothing appropriate for the weather.** Students are responsible for their own transportation to and from area county parks.

Ottawa County Parks & Recreation Commission
