

### **Asbestos Management Plan**

Our school district has conducted an extensive asbestos survey of all of our buildings. Based on the findings of this inspection, a comprehensive management plan was developed. This plan details the response actions that the district will be taking regarding asbestos containing materials found in our buildings.

This plan is available for inspection without cost or restriction during normal business hours by contacting Angela Brown, Director of Facilities, Ottawa Area Intermediate School District, 13565 Port Sheldon Street, Holland, MI 49424.

We endeavor to make our schools safe places in which students can learn. It is our goal that our procedures for dealing with this issue reflect that concern.
